Dear cousin Therie,

I received
your letter last week some-
time and was glad you
was pleased with your
work bag. I have been
sick for the last two weeks.
My ears have been trou-
bling me I have had an ab-
scess broke in both ears
and have had the doctor
every day. He says "I will
not be able to go out next

week. I could not go to Sunday School to-day. I havnt been out for two weeks. Carl has had a bad cold and cough and Gordon's teeth are troubling him a little. He says "Me got to-ache. I hope you are getting along good. We have had a lot of snow down here. Have you ever done any bead work make chains and things out of beads. The girls down here are doing quite a lot of it I havnt done any yet but have been making scrim collars. I am glad aunt Nettie was glad pleased with

her collar.

Cousin Ida from saw-
^{came down}rence a little while this
afternoon. She can come
on the electric cars and
can run down quite
often it is better than
when you had to go on
the Steam Cars. I should
like to come up this sum-
mer very much but I
don't know as I can come.
I would like to have you
come down here sometime.
I think I have wrote e-
nough for the first time.
You write again and I
will answer. Love.

From Cousin Lucy.
